I am a highly skilled Product Designer and Low Code Developer with a proven track record of transforming concepts into intuitive, visually appealing digital experiences. My expertise lies in user interface design, wireframing, and prototyping, coupled with a strong foundation in low code development. I am adept at driving product innovation and enhancing user satisfaction through a user-centric approach.

SKILLS

- User Research and Usability Testing
- Proficiency in design tools like Sketch, Figma and Adobe XD
- Wireframing and Prototyping
- User Experience and User Interface Design
- Design Thinking and Design Systems
- Low Code Development
- Html, CSS,JS, WordPress and Webflow
- Shopify and Framer

EDUCATION

FACULTY OF ENGINEERING | HIGHER NATIONAL DIPLOMA IN ELECTRICAL ENGINEERING (ELECTRONICS AND TELECOMMS)
The Polytechnic, Ibadan | Nov 2017 - Nov 2019

FACULTY OF ENGINEERING | ORDINARY NATIONAL DIPLOMA IN ELECTRICAL ENGINEERING
The Polytechnic, Ibadan | Nov 2014 - Nov 2016

EXPERIENCE

PRODUCT DESIGNER (REMOTE)
Tenplus Digital Labs | March 2023 - Present

- Spearhead product design initiatives, providing valuable insights to enhance user experience.
- Collaborate remotely with cross-functional teams to conceptualize and implement appealing features.

LOW CODE WEB DEVELOPER (CONTRACT)
CMI Communications | July 2023 - Oct 2023

- Developed robust and scalable web applications using low code platforms, ensuring efficient and streamlined processes.
- Collaborated closely with clients to understand requirements, translating business needs into functional and user-friendly solutions.
- Implemented and maintained data integrations, leveraging low code tools to enhance data flow and accessibility.

LEAD PRODUCT DESIGNER (PART-TIME)
Padding Technologies | January 2021 - February 2023

- Lead the design team, overseeing the creation of compelling user interfaces and prototypes.
- Drive the development of design systems for consistent and cohesive product aesthetics.

PRODUCT DESIGNER (PART - TIME)

Hifast Technologies | Nov 2021 - Dec 2022

- Spearheaded the conceptualization and implementation of product enhancements, focusing on elevating the overall user experience.
- Conducted user-centric research to identify opportunities for enhancing product design and functionality.
- Collaborated seamlessly with cross-functional teams, ensuring a holistic approach to design and feature implementation.

LOW CODE WEB DEVELOPER (PART-TIME)

OrenKraft | July 2018 - Apr 2022

- Engineered custom low code solutions to meet specific project requirements, ensuring seamless integration with existing systems.
- Conducted comprehensive testing and debugging of low code applications, ensuring a high standard of quality and reliability.
- Implemented security measures to safeguard low code applications against potential vulnerabilities.

UI DESIGNER (FULL - TIME)

O'Bounce Technologies | Sep 2021 - Nov 2021

- Crafted visually appealing user interfaces by translating project specifications into creative design elements.
- Collaborated actively with cross-functional teams, engaging in brainstorming sessions to ideate innovative enhancements and product features.
- Contributed to a collaborative design environment, fostering creativity and efficiency within the UI design process.
